

**LINKAR UTILITY TROLLEY, 45 cm DRAWERS**

**329601**

IMMAGINE INDICATIVA / INDICATIVE EXAMPLE

MD10 Rev. 02 data: 16/12/21

The structural body of the trolley is made by assembling composite materials, each one of which is chosen to optimise the functionality, reliability and sanitising of the product. Defined by an attentive ergonomic study, it guarantees maximum stability in every condition of use and offers excellent manoeuvrability, even when fully loaded. Self-bearing structure, made of epoxy powder coated steel sheet and with an antimicrobial treatment that ensures a higher degree of hygiene and sanitation. The trolley, characterised by rounded lines, without corners and sharp edges, allows optimum sanitation. The front compartment is fitted with injection-moulded plastic drawers, with rounded edges and interior, and integrated interchangeable coloured handles, complete with label-holder. Easy-grip ergonomic handles. The drawers are fitted on concealed total extraction steel guides, with spring damper closure and lever-operated unhooking system. The drawers are closed by means of a centralized locking system with folding-anti-trauma key, located on the front. The right side is provided with 2 metal accessory-holder bars. The left side is equipped an additional pull-out worktop and with 3 flip-down drawers, in translucent plastic, with a 40° opening angle and removable for cleaning and sanitation. The top is made of thermoformed ABS plastic, impact- and scratch-resistant, easy to wash and disinfect. The top is complete with a raised fluid retaining front edge and a built-in raiser on three sides which can be used as a push handle. The internal shaping of the built-in raiser provides an easy grip and enhances the manoeuvrability of the trolley. The trolley can be equipped with an upper accessory-holder structure, either h 30 cm or h 60 cm, fixed on the rear corners of the top, or with further accessories. The base, made of impact- and scratch-resistant thermoformed ABS plastic, is easy to wash and disinfect. Complete with rubber bumper wheels, it is equipped with 4 swivel wheels with a 125 mm diameter, of which 2 at the front with a foot-operated brake, assembled onto a steel frame.

The trolley is supplied as standard with:

3 drawers width 450 mm and h 150 mm, blue handle

1 drawer width 450 mm and h 225 mm, blue handle

Dimensions cm 74x60x104 h (without accessories)

Worktop h 100 cm

Weight: 57 kg
