

LED X-RAY FILM VIEWER - 4 SECTORS COD. 60S12

Structure made of aluminium profile, light-blue colour.
Screen made of white opal methacrylate.
X-ray files can be fixed by a stainless steel roller.

Lighting by dimmable LED bars.
Number of sectors: 4
Each sector can be separately controlled
by on/off and dimmer switch.

Technical data:
Socket with fuses holder: 10A - 250V~
Bipolar switch D20 – 0-1 – 10A – 250V~;
Wire cable with socket, 2 mt, 3x0,75mm² – 10A – 250V~
Inner light by LED bars SMD50x50
Power unit: AC170 - 250V – 12V – 30W – IP67
Protection: IP 5X
1st isolation class - type B
Brilliance regulation from 600cd/mq~ to 6000cd/mq~
Numerical display from 0 to 9, showing regulation grade.
Light colour: 7000°K~

Light surface dim. 1410x430 mm

Dim.1523x542x48 mm

Position 1

Rev. 00 del 03/02/2021
